

SecureVideo Reseller Program

About Our Partnership Program

SecureVideo's Partnership Program gives various types of healthcare and "healthcare-adjacent" businesses and organizations the opportunity to benefit from a more structured partnership with us. Each type of partnership has its own process and associated benefits, and our team will work with you to determine the best fit based on your unique situation!

The Reseller, if qualified, may receive a discounted rate for SecureVideo services, giving them the opportunity to earn ongoing recurring revenue from their customers who use our platform.
